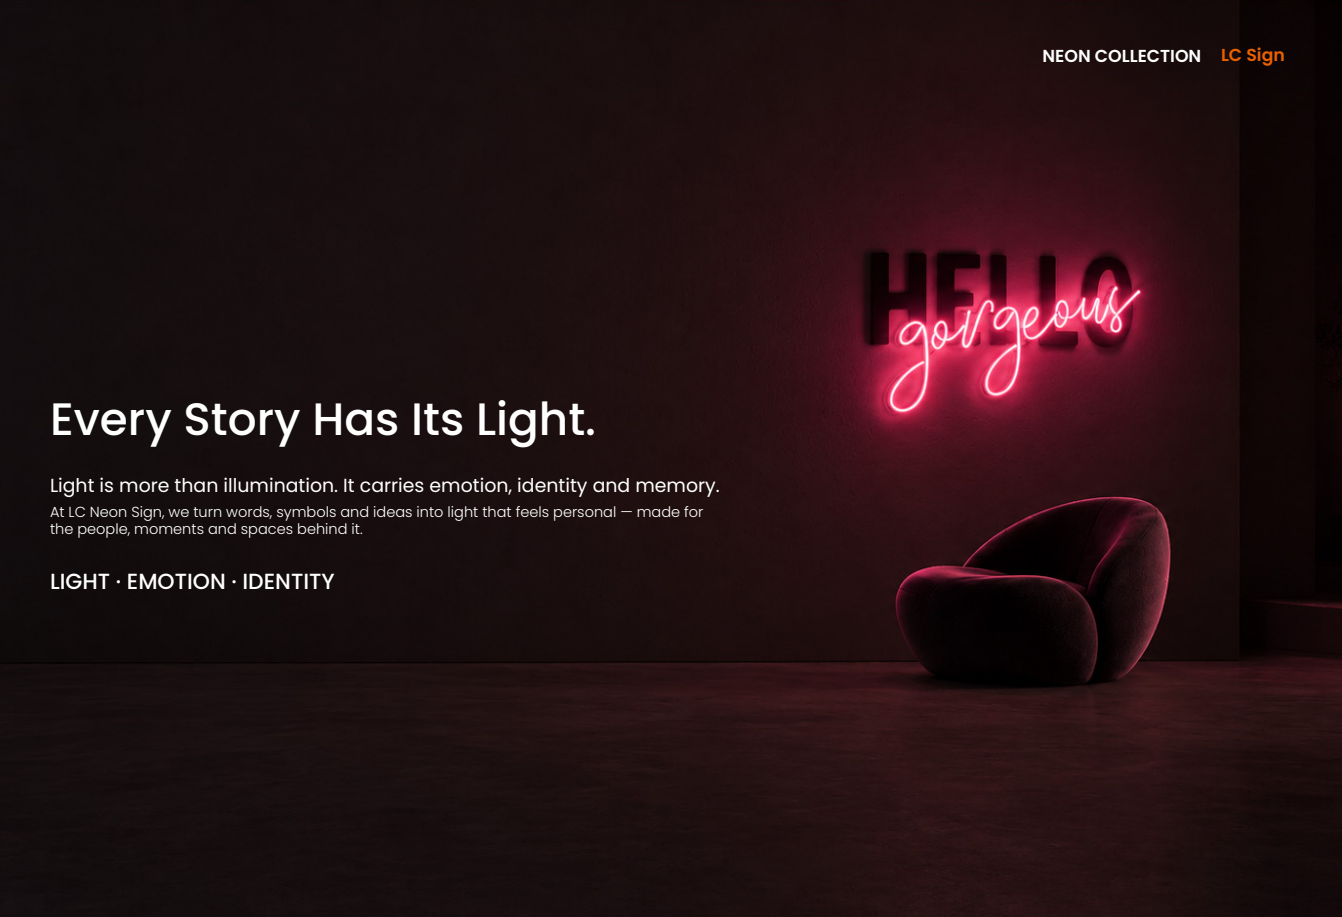
NEON COLLECTION

Light Made Personal.



Every Story Has Its Light.

Light is more than illumination. It carries emotion, identity and memory.

At LC Neon Sign, we turn words, symbols and ideas into light that feels personal — made for the people, moments and spaces behind it.

LIGHT · EMOTION · IDENTITY

Light. Color. Story.

We bring all three together to create neon that feels expressive, considered and made to belong.

LIGHT

LIGHT gives it presence.

COLOR

COLOR gives it emotion.

STORY

STORY gives it meaning.

From Making Signs to Shaping Light

Founded in 2011, LC SIGN began as a professional signage manufacturer. Over time, our work with light became something more personal — a way to express identity, memory and atmosphere.

Today, LC Neon brings design, craft and manufacturing together to turn ideas into light.
